### Comment on the quality of support the teaching assistant provided in the tutorial/lab sessions

Amr was very good at review course content and going through problems slowly and clearly. He was very open and encouraging of questions and did well in explaining a concept multiple ways. He was also very quick to respond to emails which I appreciated!

Amr was always very prepared and clear with how he went over problems. Great humour and tutorials were always great with him.

i love his tutorial

Great TA!

very good

Fantastic job, clearly understood the subject matter and conveyed it effectively to students. Having the review before each session and then going through problems and explaining why we were doing specific steps instead of just saying to follow the steps was really helpful.

### Submission for the MIE 2020-2021 MIE TA Awards nomination received

#### Testimonial:

Amr is very helpful when answering students' questions and gives thorough explanations of material being reviewed

TA clearly understood the material and was passionate about helping students, he created an atmosphere where we were encouraged to ask questions. When people didn't understand, he would go out of his way to explain concepts with a different approach to try and help you understand. Best MIE TA I have had this semester by far
